

# Thule WingBar Evo (Metris Crossbar)

**Model name:** **Model number:** 711500

Premium aerodynamic load bars for an exceptionally quiet ride and easy installation of accessories. 2-pack.

## FEATURES

- Load bar for Thule Evo roof rack system
- WindDiffuser technology disturbs airflow to reduce noise and drag for improved fuel economy
- TrailEdge design reduces aerodynamic drag by allowing clean air separation from bar
- SmartSlides slidable length scale doubles as an under-bar aerodynamic cover, providing quick, no-hassle rack installation
- SwingBlade end cap pivots open to allow full access to the T-slot for easy accessory installs
- Upper T-track with QuickAccess interface allows smooth installation and removal of accessories
- BoxBeam internal structure creates an exceptionally strong load bar

Check the Thule Buyer’s Guide to find out which roof rack fits your car

## TECHNICAL SPECIFICATIONS

- EQUIPPED WITH T-TRACK ..... YES
- LOCKS INCLUDED ..... NO
- COLOR ..... ALUMINUM
- MODEL NUMBER ..... 711500
- LOADING WIDTH(IN) ..... 60
- MAXIMUM LOAD(LB) ..... 220

**Suggested MSRP: \$769.80**

# Thule ProBar Evo (Sprinter Crossbar)

**Model name:**

**Model number:** 713700

Heavy-duty aluminum load bars with a unique tri-slot design for fitting of multiple accessories.

## FEATURES

Flexible tri-slot design allows use of a range of load accessories independently or in combination

Upper and rear T-tracks are for fast installation/removal of accessories, lower T-track is for connection to roof

Check the Thule Buyer's Guide for your vehicle's recommended bar length

# Thule ProRide XT

**Model name:** **Model number:** 598004

Upright bike carrier for the quickest, most convenient mounting – for bikes up to 44 lbs.

## FEATURES

- Automatically positions your bike when you secure it, thanks to the uniquely designed frame holder and wheel tray
- Quick and easy bike securing – the torque limiter dial controls the force going into the bike frame with a clear sign of correct mounting
- Improved mounting hardware fits most factory cross bar profiles
- Pressure is spread via large, soft claw pads that adapt to your bike's frame tubes – minimizing the risk of frame damage
- Safe mounting – your bike is prevented from falling thanks to the claw's extended lower jaw
- Stable wheels – firmly fixed in smartly designed wheel holders with diagonal quick-release wheel straps
- Easy, tool-free interface for switching carrier from one side of your car to the other.
- Mounts to all Thule rack systems, round bars and most factory racks
- 2 One Key lock cylinders lock the bike to carrier and carrier to rack.

# Thule T2 Pro XTR 2

**Model name:** **Model number:** 9034XTR

The heavy-duty, award-winning Thule T2 Pro is now even easier to install, remove and store thanks to the integrated wheels.

## FEATURES

- No frame contact
- Integrated wheels help transport the rack to and from the vehicle
- Tool-free AutoAttach system makes it quick and easy to install and remove the rack
- Versatile design fits nearly all bikes, including e-bikes up to 60 lbs
- HitchSwitch lever tilts up when not in use or tilts down for rear vehicle access without removing the rack
- Integrated cable lock and lock knobs lock bikes to the rack and the rack to the receiver hitch
- Adjustable spacing allows you to mount two bikes without interference
- Fits 20" to 29" wheels and up to 5" tires, ideal for road, mountain, fat-tire, and e-bikes
- Available for both 2" & 1.25" hitch sizes
- Add two more bikes using the Thule T2 Pro XT Add-On (Sold separately)

# Thule Compass

**Model name:** **Model number:** 890000

Versatile water sport carrier that can transport either kayaks or stand-up paddle boards with one system.

## FEATURES

- Multiple ways to carry: Single kayak in J-style or saddle configuration, two kayaks in stacker mode and up to two SUPs in saddle mode
- Accommodates kayaks up to 36" wide and a maximum kayak weight of 130 lbs
- Maximum protection of kayaks and stand-up paddle boards thanks to the thick rubber saddles and padded upright
- Easily manage load straps while strapping down the kayaks using the integrated StrapCatch (two sets of load straps with BuckleBumpers and bow and stern tie downs included)
- Quickly folds down flat when not in use for better aerodynamics
- Fits all rack systems with the universal mounting hardware and quick to install with no tools required

# Thule SnowPack

**Model name:** **Model number:** 732601

Sleek, aerodynamic ski rack for all types of skis and snowboards.

## FEATURES

- Holds skis and snowboards securely with ultra-soft rubber arms that grip without scratching the surfaces
- Safely carries thicker modern skis and snowboards, and reduces the carrier height when unloaded due to the integrated vertical spring system
- Easy to open and close while wearing gloves, thanks to an oversized push button
- Added roof clearance for skis with tall bindings, thanks to included extension feet that raise the carrier
- Fits Thule rack systems, round bars, and most factory racks with both T-Track and Speed-Link around-the-bar mounting options
